## ANSI Plus 2 Parka...

### Mother Nature, Give Us Your Best Shot!

Style C+ANSIP2-L

EXCEEDS  
ANSI/ISEA  
107/2010  
CLASS 3

Introducing Lakeland's ANSI Plus 2 Parka. Redesigned from the ground up, the Plus 2 Parka exceeds ANSI/ISEA 107-2010 Class 3 specifications. Plus, it's two jackets in one! The inner fleece shell zips out to become another jacket all on it's own.

The Parka Plus 2 outer shell is a versatile jacket you'll reach for day after day. There are plenty of pockets to carry all the essentials. The wind resistant and water repellent nylon shell has plenty of features that take on the elements.

The inner jacket is a valuable layering piece, whether it's worn alone or inside the outer shell parka. Either way, your visibility will be at it's max due to the lime green colors and the 3M Scotchlite® 8906 reflective trim package.

See all of the features of the new ANSI Plus 2 Parka online at [Lakeland.com](http://Lakeland.com)!
