

SPECIFICATION SHEET

INNOTEX815™

&

INNOTEX810™

STRUCTURAL FIREFIGHTING GLOVE

OUTER SHELL

Black Eversoft split cowhide palm and back for proven protection and abrasion resistance.

MOISTURE BARRIER

PRO-TECT™ glove inserts by *INSERT TECHNOLOGY INC.*, which exceeds NFPA 1971-2018 for chemical and viral penetration, 100% waterproof, excellent dexterity, excellent high and low temperature flexibility and does not contain chemical known to cause cancer. Odor and fungus resistant.

LINING

8.5 oz SEF thermal lining

FEATURES

- 2D glove style
- **PIVOT-THUMB™**, natural / anatomically correct thumb to finger movement for better grip
- Exclusive liner retention system helps prevent liner shifting and pull-out
- Thumb seam welt for increased abrasion resistance in this critical area
- Kevlar® thread with lock stitching on the shell for added strength and heat resistance
- Nomex® thread with lock stitching on lining
- ½" Heavy duty elastic sewn around the entire wrist helps prevent the glove from falling off the hand by keeping a snug fit around the wrist
- Compliant to NFPA 1971:2018
